INSTITUTIVE DISTINCTIVENESS

Government Degree College, Chebrole of Guntur district, was established in the year 1983, with a vision of extending higher education to the students of villages in and around Chebrole Mandal, which is located fifteen kilometers away from Guntur city. Chebrole village does not have required facilities for higher education and students aspiring higher Education have to travel to either Guntur city or Ponnur town in pursuit of higher education. More over people from these areas cannot afford to pay high fees as demanded by private institutions. Many students are dropouts at primary or high school levels. Our institution caters to the needs of such rural students to continue their Higher education.

The following are the vision and mission of our college:

VISION

To provide and promote quality education with necessary etiquette, behavioural skills, life skills and employability skills to students aspiring higher education who are mostly from impoverished and marginalized first generation families of surrounding villages.

MISSION

The vision is translated as mission through

- Student – centered and experiential teaching – learning methods to foster creative and critical thinking skills
- Imparting of etiquette, behavioural skills, life skills and job skills for employability and global citizenship by creating necessary ambience
- Transparent and honest governance, team spirit and collective effort

1. As our institution is located in the Mandal headquarter, there are many small-scale industries in and around Chebrolu, like cotton spinning mills, soap factory, textile industry & milk factory.
2. The students are taken to these places as part of field trips and awareness is created about various job opportunities available there. This enables them to develop necessary knowledge and skills related to their curriculum and also for employability.
3. The observations and opinions of the employing agencies are intimated to the university.
4. As stated earlier, our college offers job oriented training courses on a special platform called "Jawahar Knowledge Centre" or JKC. JKC classes are conducted for final year students.
5. These classes train the students in Behavioural skills, Communication Skills, Reasoning and basic mathematics. Students are trained for various competitive exams like bank exams, state government group exams etc.
6. JKC invites various companies to conduct campus interviews for students of various degree colleges and empower them with employment before completing their degree course.
7. An e-classroom has been constituted in the college to enrich students, to create virtual ambience in various disciplines through power point presentation, materials from internet, video recordings.
8. Awareness programmes are conducted to students in various disciplines by inviting experts in that field.
9. Stress is laid on etiquette, behavioural skills, soft skills and communication skills as these are most essential for employment capabilities. This is taken care of by JKC. Self employment courses for women like certificate course in Fabric Painting, Beautician course are conducted to train students in increasing employability skills. For boys, short term courses like Tally are conducted.
