## **DEPARTMENT OF MATHEMATICS**

### **ESSAY WRITING COMPETITION PROGRAMME**

**Aim:** To develop writing skills and competitive spirit among students.

**Topic:** Analytical Skills

#### **Objectives:**

Analytical skills are the abilities which allow you to collect, organize, visualize, and assimilate data. They let you see patterns, draw conclusions, and find solutions that can boost your employee productivity and company's bottom-line performance.

Analytical skills are used when detecting patterns, brainstorming ideas, observing data, collecting data, interpreting data, integrating new information, synthesizing information, and making decisions based on the situation.

#### **Report :**

Analytical ability means that you can analyse a situation, problem or issue well. It means you can approach a problem or issue in a solution-focused manner and through different angles. You can also quickly distinguish the main issue from the secondary issues.

Analytical skills are an essential component of many job roles today. They enable you to evaluate different scenarios to solve problems that may not have obvious answers and identify the most beneficial solution for your organization.

The Department of Mathematics conducted an Essay Writing Competition Programme on 18-11-2022 in our College. The Essay Writing Competition was organized with the help of the students.

**Outcomes :**

1. Increased awareness of our nation's heritage among the participants.
2. Improved critical thinking and analyzing skills among the students.
3. Students enhanced writing skills and competitive spirit.
