Report:

The Government Degree College, Chebrole, organized a field trip for all students on November 27, 2017. The purpose of this trip was to visit the Lakshmi Narasimha Spinning Mills located in Narakoduru. During the field trip, the students had the opportunity to observe the various functions of the spinning mills and engage in discussions with both the management and workers.

The field trip aimed to provide students with a practical understanding of the operations within a spinning mill. By witnessing the processes firsthand, students were able to gain valuable insights into the inner workings of this industry. Additionally, the interactive discussions with the management and workers allowed for a deeper exploration of the challenges and opportunities faced by the spinning mill.

The visit to Lakshmi Narasimha Spinning Mills proved to be an enlightening experience for the students. They were able to witness the intricate machinery and techniques involved in the production of yarn. Moreover, the discussions with the management and workers shed light on the importance of effective communication and collaboration in ensuring the smooth functioning of the mill.

Overall, this field trip served as a bridge between theoretical knowledge and practical application. It provided students with a unique opportunity to witness the real-world implications of their studies. The Government Degree College, Chebrole, remains committed to organizing such educational excursions to enhance the learning experience of its students.
