

CERTIFICATE OF APPRECIATION

I express profound gratitude to the Principal, and the Faculty of Government Degree College, Chebrole for undertaking the '*Community Service Project*' in Chebrole to identify the Socio-Economic conditions of the common public. The students have collected appropriate data and tried their level best to bring it to the notice of authorities. These projects are helpful in providing sufficient information to the policy makers to identify the correct beneficiaries. Your support in this form means a lot to us.
